Dear Del Norte Parents/Guardians,

The State of California has provided a COVID-19 test kit for every child in the district. If you would like to receive a test kit, please sign this form and return to your child’s school before Friday, January 14th. Further information on testing will come on a flyer with the test kit.

DNUSD has finally received the COVID-19 at home test kits that were supposed to arrive during winter break. We have recently seen an increase in positive cases of COVID-19 in the schools requiring the closing of classrooms. In order to help prevent further interruption to education by quarantining classrooms, we are requesting students be tested at home on Monday, January 17th prior to returning to school on Tuesday, January 18th.

The COVID tests your child will bring home to you on Friday have the following requirements:

1. The COVID-19 tests are intended for your students.
2. If your student is not showing symptoms, we are asking that you not test your student until Monday, January 17th, 2022. If your child is showing symptoms please use one of the tests provided.
3. Please follow the instructions for the test that are included in the box.
4. **If your child tests positive** for COVID-19, please call your school site and let them know. Also, we recommend you use the QR code on the flyer sent home with the testing kit to report the positive results. You will keep your child at home pending notification from Del Norte Public Health.
5. **If your child tests negative** for COVID-19 and has no symptoms, please make sure your child gets to school on Tuesday, January 18th, 2022.

My signature below indicates I understand and agree to the above requirements. I also understand the test kits will only be used for Del Norte County school students.
